To Whom This May Concern:

It is my pleasure to write this letter of recommendation on behalf of Meagan Kulesa. I have taught Meagan in several classes here at Ft. Lewis College. She has been a real pleasure to have had in the Teacher Education Program.

Meagan is one of those students who bring life to the classroom through thoughtful discussion and friendliness toward her classmates and instructors. She is very vigilant about completing assignments and getting them turned in on time.

Meagan is very eager to work in the school setting with children and other teachers. She is dedicated to our children regardless of their background and strives to plan lessons which meet their individual needs. She is full of energy and enthusiasm and passes that on to children and adults.

Meagan has decided to further her education in Graduate School. She is an excellent candidate for a Masters Program. Her enthusiasm toward her studies and goals keep her focused and dedicated. I highly recommend her for your Graduate Program.

Please contact me if you need further information.

Sincerely,

A handwritten signature in cursive script that reads "Susan Martinez".
